

**REMARKS**

The instant 312 amendment is made to overcome an inadvertent typographical error in claim 21. During transcription the phrase "in the second part" was inadvertently omitted. It is clear that the claim is incomplete. Specifically, attention is drawn to original claim 5 which clearly sets forth that phrase which is being added to allowed claim 21. This amendment does not raise the issue of new matter and as it is made in a dependent claim, it is submitted that it is properly entered at this stage.

Entry of this amendment under the provisions of Rule 1.312 is respectfully requested.

Respectfully submitted,

By /Gregory P. LaPointe #28395/
